

MAKHRO SNAIL BAIT

Reg. Nr. L7096 Act / Wet 36 of / van 1947

Granular bait for the control of king crickets, snails and slugs in grapevines, lawns, flowers and vegetable gardens. Snails and slugs are active at night, especially when conditions are warm and damp. Scatter MAHRO SNAIL BAIT pellets lightly in flower beds, under dense foliage, shrubs, trees and grape vines as well as supportive struts. Repeat treatment should infestation appear again.

Lokaas in korrel vorm vir die beheer van koringkriekie, naakslakke en skulp-slakke in wingerde, grasperke, blom- en groentetuine. Strooi MAKHRO SLAKLOKAAS korrels liggies in blombeddings, onder digte plantegroei, struike, bome en wingerdstokke asook opleipale. Herhaal toediening indien besmetting weer voorkom.

WARNINGS

- Poisonous if swallowed.
- May irritate eyes.
- Do not harvest edible crops within seven days after application.
- Toxic to fish and other animals.
- Keep out of reach of children, uninformed persons and animals
- Store away from food and feed in a cool place.
- **IMPORTANT:** This product may be harmful to children and fatal to domestic animals if ingested. Children and dogs may be attracted to metaldehyde products and their packaging. Keep children and pets out of treated areas from the start of application until the applied product is no longer visible.

Although this remedy has been extensively tested under a large variety of conditions, the registration holder does not warrant that it will be efficacious under all conditions because the action and effect thereof may be affected by factors such as abnormal soil, climatic and storage conditions and the occurrence of resistance of the pest against the remedy concerned, as well as by the method, time and accuracy of application. The registration holder furthermore does not accept responsibility for damage to crops, vegetation, the environment, or harm to man or animal or for lack of performance of the remedy concerned due to failure of the user to follow the label instructions or to the occurrence of conditions which could not have been foreseen in terms of the registration. Consult the supplier in the event of any uncertainty.

PRECAUTIONS

- Wash hands with soap and water after application and accidental skin contact.
- Avoid contamination of food, feeds, drinking water, dams and fish ponds.
- Destroy empty container and never use for any other purpose.
- Avoid excessive contact with the skin
- Wear rubber gloves when applying the pellet.

DIRECTIONS FOR USE:

Use only as directed

Snails and slugs are active at night, especially when conditions are warm and damp. Scatter **MAKHRO SNAIL BAIT** pellets lightly in flower beds, under dense foliage, shrubs, trees and grape vines as well as supportive struts. Repeat treatment should infestation appear again.

WAARSKUWINGS

- Giftig wanneer ingesluk word.
- Kan oë irriteer.
- Moet nie eetbare gewasse binne sewe dae na behandeling oes nie.
- Giftig vir visse en ander diere.
- Hou buite bereik van kinders, oningeligte persone en diere.
- Stoor weg van voedsel en voer in 'n koel plek.
- **BELANGRIK:** Hierdie produk kan skadelik wees vir kinders en dodelik vir troeteldiere indien ingeneem. Kinders en troeteldiere kan die lokaas en die verpakking aanloklik vind. Hou kinders en troeteldiere buite gebiede wat behandel is van die aanvang van toediening of totdat product nie langer sigbaar is nie.

Alhoewel hierdie middel omvattend onder 'n groot verskeidenheid toestande getoets is, waarborg die registrasiehouer nie dat dit onder alle toestande doeltreffend sal wees nie aangesien die werking en effek daarvan beïnvloed kan word deur faktore soos abnormale grond-, klimaats- en bergingstoestande en die voorkoms van weerstand van die plaag teen die betrokke middel, sowel as die metode, tyd en akkuraatheid van toediening. Verder aanvaar die registrasiehouer nie verantwoordelikheid vir skade aan gewasse, plantegroei, die omgewing of vir die nadelige effek op mens of dier of vir 'n gebrek aan prestasie van die betrokke middel as gevolg van die versuim van die gebruiker om etiketaanwysings na te kom of as gevolg van die ontstaan van toestande wat nie kragtens die registrasie voorsien kon word nie. Raadpleeg die verskaffer in die geval van enige onsekerheid.

VOORSORGMATREËLS

- Was hande met seep en water na aanwending en toevallige aanraking met vel.
- Verhoed besoedeling van voedsel, voer, drinkwater, damme en visdamme.
- Vernietig die leë houers en moet vir geen ander doel gebruik nie.
- Vermoed oormatige kontak met die vel.
- Dra rubberhandskoene wanneer die korrel toegedien word.

GEBRUIKSAANWYSINGS:

Gebruik slegs soos aangedui.

Slakke en skulpplakke is veral in die nag aktief onder warm klam toestande. Strooi liggies die **MAKHRO SLAKLOKAAS** korrels liggies in blombeddings onder digte plantegroei, struik, bome en wingerdstokke asook opleipale. Herhaal toediening indien besmetting weer voorkom.
